REDUCTION OF 25 CENTS IN THE PRICE OF OIL IS ANNOUNCED
SENATE COMMITTEE REJECTS FORD'S MUSCLE SHOALS OFFER
MORE THAN 100 SHOTS FIRED IN A STRIKE BATTLE AT ENNIS

PRICE OF CRUDE OIL REDUCED 25 CENTS; QUOTATION HERE $2

TULSA, OKLA., July 15.—The Prairie Oil and Gas company today announced a reduction of 25 cents in the price of midcontinent oil. The new price is $1.75 for Oklahoma and Kansas and $2 for north central Texas oil.

One local purchaser the Sinclair had followed the Prairies 25 cent cut in crude prices at noon Saturday and it was considered certain that the other large companies would take similar action before the day was over.

Accumulating stocks are assigned here as the reason for the drop which was said in production circles to be not unexpected.

WITNESS TELLS OF MEADOWS MURDER; WOMAN INDICTED

MUTILATED BODY IS FOUND NEAR LONELY ROAD AT LOS ANGELES.

VICTIM IS BEATEN OVER THE HEAD WITH HAMMER

Husband of Accused Ordered Kept In Custody as a Material Witness.

LOS ANGELES, July 15.—Developments in the investigation of the death of Mrs. Alberta Meadows whose mutilated body was found Wednesday evening behind a lonely road here came rapidly yesterday following the discovery of an eye witness to the slaying.

The details of the attacks upon Mrs. Clara Phillips wife of Al Phillips an oil promoter in which Mrs. Phillips was said to have beaten Mrs. Meadows over the head with a hammer, were told to the county grand jury by Mrs. Peggy Caffee.

An indictment charging murder was returned against Mrs. Phillips who is under arrest at Tucson, Ariz. Sheriff William T. Traeger is on his way there to bring her back to Los Angeles.

Mrs. Caffee said Mrs. Phillips asked her to go see Mrs. Meadows, to which she consented. Mrs. Phillips, Mrs. Caffee said, asked Mrs. Meadows to drive her to her sister's home and as they reached the lonely spot on the road asked Mrs. Meadows to stop the car and get out as she wanted to talk to her alone.

When the woman reached the ground Mrs. Phillips accused Mrs. Meadows of being intimate with her husband according to Mrs. Caffee. This Mrs. Meadows denied.

Then Mrs. Caffee said Mrs. Phillips commenced striking Mrs. Meadows on the head and shoulders with a hammer which she had been holding behind her back. Mrs. Caffee said she attempted to respond to Mrs. Meadows cries for help, but that Mrs. Phillips immediately turned upon her and threatened to kill her if she interfered. Horrified and shocked by the scene Mrs. Caffee said she started down the road, but soon was overtaken by Mrs. Phillips who was driving Mrs. Meadows' car. Mrs. Phillips, she said, demanded that she get in the car and as they proceeded toward the city threatened her with death if she told what had occurred.

Phillips showed considerable surprise, the officers said, when told of Mrs. Caffee's statement that she had accompanied his wife on the trip with Mrs. Meadows. He stated he did not know Mrs. Caffee according to the officers.

Phillips has been ordered kept in custody as a material witness at least until the return to California of his wife. He said his relatives including his mother lived at Houston, Texas.

After Mrs. Phillips began striking Mrs. Meadows with the hammer, said Mrs. Caffee, the girl was asking me to help her and I went toward her. I was right in front of the girl. Mad Mrs. Phillips came toward me. I do not know whether she was meaning to hit me, but she called out to me, 'Damn you, get out of my way.'

All this girl said was, 'Lady save me.' I didn't hear her say anything else. That was before she fell down. I started down the hill and when I got down there, I looked back and saw Mrs. Phillips hitting her then saw the blood on the hammer and on her arm—I saw blood—saw her hitting—and I sort of cried out, 'Oh, to myself, 'Oh Clara.' She did not say much when I got back in the girl's car. I saw blood on her arms and she said 'Wipe me off and I took my handkerchief and did it.

Mrs. Phillips said, 'Anybody can't take my husband away from me,' and she said, 'I can do that again.'

And then she calmed down and pretended to me that she was not afraid of anything. But I was pretty afraid of her.

She had the hammer in the car. And her silk white gloves were all full of blood and she took mine and put them on her arms. And there was blood all over her face and arms and dress, shoes and stockings.

She drove Mrs. Meadows' car back. After she got me in she took it and went as fast as ever she could down the hill and way down along the car line on the street until she came to her home.

WARNER FURTHER OUTLINES VIEWS ON KU KLUX KLAN

PARIS, TEXAS, July 15.—The most dangerous ambition of the Ku Klux Klan is that of control of the courts is the assertion made by Harry T. Warner, candidate for governor—the only active candidate for governor who has made any declaration upon the Klan issue.

Already the Klan controls the situation as to the courts sufficiently to balk action in Dallas, Wichita, Jefferson, Harris, Travis and several other counties' says Mr. Warner. 'The proof of that is in the fact that there has been no action despite the tremendous effort of the district judges in those counties.

"With the grand jury filled with members of the Klan with the summoning of jurors by Klansmen, with the Klan on watch at every step is it probable that there can be conviction of Klansmen charged with the violation of the law?

But that is true not only of the action in criminal cases. It is also true of action in the civil courts. With a Klansman as a litigant what chance has the other party? None whatever. The Klansmen keep their membership secret but they know who they are. The attorney who is not a Klansman is ignorant of how many members of the jury belong to the Klan—and Klansmen have a higher sense of allegiance to the invisible empire which compels them to look after the interest of their fellow subjects. They are no longer to be regarded in such matters as citizens of the republic but as subjects of the invisible empire.

Such conditions make a travesty of justice in Texas—and the Klan is industriously at work in every section of the state in an effort to gain full control of every department of the government—municipal, district county and state and has intent which is widly known of dictating and determining the nominee for United States senator upon the sole issue of his being a subject of the invisible empire and with reference to no other thing.

'Texans witness the pitiable spectacle of their chief executive a candidate for re election—contending for indorsement—who lacks the courage to say either that he is or is not in sympathy with the Klan.

'Certainly all men know that the Klan has grown throughout the Neff administration and by neither act nor word has the chief executive sought to stay the progress. The Klansmen are emboldened. The district judges who are contending for the law have lacked any sympathetic word or assistance while the Klan operates in Texas as a charitable and benevolent institution.

If there was ever a time when Texas needed moral courage in the executive office it is at this particular moment.

POLICY COMMITTEE OF MINERS TO MAKE REPLY TO PRESIDENT

WASHINGTON, July 15.—The 1[illegible] members of the policy committee of the United Mine Workers of America representing local and district organizations throughout the country gathered today to authorize a reply to President Harding's offer of arbitration to settle the bituminous and anthracite coal strikes with every indication it would be a refusal to accept.

Determination to recommend a refusal of the offer to the policy committee was understood today to have been reached by John L. Lewis president of the union and Phillip Murphy vice president and William Green secretary, as a result of the final conference held by the three union officials yesterday with President Harding and Secretary Davis. Although the anthracite employes have accepted the president's offer [illegible]

FORD PROPOSAL FOR MUSCLE SHOALS IS PASSED TO SENATE

COMMITTEE DISAPPROVES OF PLAN BY VOTE OF NINE TO SEVEN.

ALSO VOTE AGAINST OTHER PROPOSITIONS

Defeat Bill Providing For Government Corporation to Operate Plant.

WASHINGTON, July 15.—Henry Ford's offer for purchase and lease of the government's projects at Muscle Shoals, Ala., was rejected by the senate agriculture committee today by a vote of 9 to 7.

Those voting for rejection were Senators Norris, Page (by proxy) McNary, Keyes, Gooding, Norbeck, Harreld, McKinley, all republicans and Senator Kendrick, democrat, Wyoming. Those voting for a favorable report were Senators Capper and Ladd republicans and Smith, Ransdell, Harrison, Heflin and Caraway, democrats.

The bill introduced by Chairman Norris calling for operation of the projects by government owned and controlled corporation also was rejected the vote being 9 to 5. Voting for rejection were Senators Capper, Keyes, Ladd, Smith, Ransdell, Kendrick, Harrison, Heflin and Caraway, and for acceptance were Norris, McNary, Gooding, Norbeck and McKinley.

The other offers including those of the Alabama Power company, Frederick Engstrum and Charles L. Engstrum and Charles L. Parsons also were rejected without a record vote.

The committee also voted down without a record vote the bill introduced by Senator Norris at request of former Representative Lloyd of Missouri proposing a semi governmental corporation.

Despite the adverse votes the proposals of Henry Ford and Senator Norris will be presented to the senate for final decision through minority reports, it was explained by Chairman Norris.

PROTESTS INCLUDING THE GORGAS STEAM PLANT

MONTGOMERY, ALA., July 15.—Protest against inclusion of the Gorgas steam plant in any recommendation for the acceptance of any private offer for the government's nitrate and power projects at Muscle Shoals was voiced in a telegram sent last night by Governor Thomas E. Kilby to Chairman Norris of the senate agriculture committee.

Governor Kilby in his message declared that to take the plant away from the Alabama Power company which holds an interest in it and a contract to purchase would result in great inconvenience and confusion to the public served by the power company.

JEWS ARE DRIVEN FROM HOMES AND SEVERELY BEATEN

VIENNA, July 15.—(Jewish Telegraphic Agency)—Terror stricken Jews are fleeing Radin, a nearby town, following a raid by 100 horsemen presumably Lithuanians. With the aid of machine guns the raiders drove the Jews into the synagogue court and there inflicted severe floggings, stripping the Jews of their clothing and personal possessions.

Eighty year old men were not spared while students of the renowned Talmudic institute at that place were handled mercilessly.

The home of the rabbit, a scholastic dignitary known throughout Jewry as Chefetz Chayim, was entered and he was dragged from the sick bed, the raiders removing all objects of value. They then plundered most of the shops in the Jewish quarter.

WOMAN WOUNDED BY STRAY BULLET, OFFICERS BELIEVE

After a thorough investigation of an incident Friday evening in which Mrs. N. L. Tu[illegible] 101 Maple street suffered a slight wound in the head from a bullet, police officers were called to Lucas Saturday morning when the message which struck the woman was a stray bullet.

Police officers who worked on the case Friday night stated that the bullet was probably from a [illegible]

SCENES IN RAIL STRIKE IN SLATER, MO.

Slater, Mo., is the first city in the country where federal marshals took command after local authorities failed to keep order in connection with the strike of railroad shopmen. The pictures above show strike scenes in and around Slater. O. A. Buck Lindsay, United States marshal in charge of the government force, is shown at the upper left. Upper right shows pickets of the striking shopmen gathered at the depot to inspect trains coming into Slater for work to be done at the Chicago & Alton shops. Lower left shows L. L. Marquette superintendent of the Chicago & Alton at Slater working on a [illegible] of air brakes. Lower right shows William Hawley behind the bars. Hawley is the first striker to be arrested at Slater. He defied Buck Lindsay and crossed the field line that has been established between the C. & A. shops and the city.

TERRELL WELL IN HERRON CITY FIELD ESTIMATED AT 4,500

HERRON CITY, TEXAS, July 15.—Penn Cities No. 3 has increased to 51 barrels an hour on gauge. [illegible] Tyrell No. 2 at 2,030 is now in, making 2,503 barrels.

Special to The Times.

ELIASVILLE, TEXAS, July 15.—The Terrell Oil corporation well on the R. M. Williams survey rated for 4,000 barrels from the 4000 foot sand. [illegible]

[illegible]

AN ALLEGED STOLEN BOILER IS LOCATED NEAR BURKBURNETT

BURKBURNETT, TEXAS, July [illegible]—A boiler belonging to the Hall & Simm Drilling company was located by Deputy Sheriff H. L. White Friday and was identified by the owner. The party in whose possession the boiler was found has not been arrested as he claimed he was left in his possession to sell for another party whose identity has not been disclosed.

Further investigations are being made in an effort to apprehend the guilty parties.

FOUR TANKS BURNED IN BEAUMONT FIELD; LOSS IS $1,500,000

BEAUMONT, July 15.—Four earthen tanks containing more than 500,000 barrels of distillate valued at more than $1,000,000 went up in smoke at the Magnolia Petroleum company's farm at Gladys pumping station near Beaumont yesterday. The fire started when one of the tanks was struck by lightning. By sundown three others had been ignited and all through the night hundreds of laborers worked to save adjoining tanks. All four tanks were of the 250,000 barrel capacity each belonging to companies affiliated and at that time contained approximately 600,000 barrels. Of this amount it was estimated about 200,000 barrels were saved by pumping. The fire is still burning. Company officials declare it may burn for 36 hours.

Mint Ordered to Speed up Coinage Of Silver Dollars

PHILADELPHIA, July 15.—Orders to speed up the coinage of silver dollars to replace part of the $300,000,000 sold during the war as bullion to England have been received at the Philadelphia mint. Fifty thousand are to be coined daily and shipped to Washington for deposit in the treasury vaults. Silver certificates will be issued against them.

FEDERAL RESERVE BANKS AUTHORIZED TO REDEEM TREASURY CERTIFICATES

FIND A NEW SAND AT SUNSHINE HILL, MAKES 25 BARRELS

Discovery of a new sand in the Sunshine Hill district was reported Saturday when the Clark Drilling company brought in a well at a sand from 1,745 to 1,750 feet on the Ward & Todd ranch.

This is a new sand for this district and is expected to lead to new development in that pool.

The well is showing for a 25 barrel pumper. The sand was encountered Friday, but no test was made until Saturday.

TEXHOMA BRINGS IN ANOTHER GOOD WELL IN ARCHER COUNTY

The Texhoma company Saturday got its second good well of the week on the Gose competing No. 23 for 250 barrels.

Earlier in the week the company completed No. 22 for 225 barrels. Both of these completions are above the average for that pool.

BURKBURNETT MAN CHARGED WITH THE THEFT OF GASOLINE

BURKBURNETT, TEXAS, [illegible]—Deputy Sheriff H. L. White arrested George Morris Saturday morning on a complaint of theft of gasoline from the pipe line of the Texas Pipe Line company. It is alleged that Morris tapped the pipe line of the Nettie [illegible] near Burkburnett. The prisoner was placed in the county jail here pending a hearing.

FIND 72 QUARTS OF CHOCTAW BEER AT BURKBURNETT

BURKBURNETT, TEXAS, [illegible]—Deputy Sheriff H. L. White seized 72 quarts of beer in a shack here on New Town Friday. The occupant of the building was absent at the time of the raid. He was later recognized on the street of Burkburnett by the officer but made his escape in a car closely pursued but finally lost in the rough roads which at that time ended the chase.

CHARGE COUNTERFEIT PRESCRIPTION BLANKS FOR SALE OF LIQUOR

WASHINGTON, July [illegible]—Warning against the interference of prohibition enforcement officers with a long established practice of physicians prescribing liquor for medicinal purposes was issued today in a letter from Commissioner Haynes to all federal prohibition officers. The commissioner declared [illegible]

STRIKE SITUATION IS BUT LITTLE CHANGED PARADE AT DENISON

By Associated Press.

ST. LOUIS, July 15.—The Missouri Kansas & Texas today signed a wage agreement with its 2,700 clerks and is the second road with general offices here to settle with the clerks, the Wabash having signed an agreement several weeks ago. Details of the agreement were not made public but it was said the average wage would be 55 cents an hour. The contract can be ended on 30 days notice, it was added.

NEW YORK, July 15.—Several hundred stationary firemen and oilers in the New York district failed to report for work today, according to union officials though the "strike sanction" mentioned Monday as the time for the walkout. Scores of firemen and oilers had already gone out as had many of the maintenance men, leaders said. Leaders of the shopmen said they were not interested in the preparation of the government to protect the mails.

CHICAGO, July 15.—The peace dove which yesterday fluttered between separate gatherings of railroad executives and leaders of the striking shopmen's craft today bore a somewhat wilted olive branch which Julius W. Hooper, chairman of the United States railroad labor board hopefully tried to freshen.

Mr. Hooper announced he had encountered fundamental difficulties in his efforts to bring about peace but with more parleys in prospect the situation gave promise of a new approach to a settlement or at least to negotiations out of which some agreement might be reached.

In his statement Mr. Hooper said:

It was suggested that the railroad labor board reopen or resume the strike hearings held two weeks ago. Such a hearing would furnish ample opportunity for private conferences of representatives on both sides. It was also suggested that it was useless to hold the hearing and conference unless there was a prospect of reaching an agreement. Both sides concurred in this.

After a full discussion it was conclusively evident that the differences were fundamental.

"Mr. Jewell and his associates suggested four things for consideration set out in the order of their importance, namely: The contract question, the protest rules embraced in the board's decisions, the recent wage decision and the establishment of a national adjustment board. In confidentially they demanded that after a satisfactory adjustment of the four matters named all men on strike shall be reinstated in their former positions without impairment of their former right of seniority.

Meet First Request

"The carriers have agreed that they would undertake to meet the first request of the employes by [illegible] the contract system on [illegible] or three roads where it still exists.

"The railway executives further agreed to establish regional boards of adjustment similar to those already in operation for the train and engine service men.

"The executives would not agree that the strikers, when they returned to the service should take the position and seniority of the men who had the men who had remained in service.

"As to the rule decision and the wage decisions of the railroad labor board the carriers took the position that the shop crafts were at liberty to petition the board for a rehearing.

"Mr. Jewell and his associates intended that the carriers must agree to such modifications of both the wage and the rule decisions of the board before the strike is called off. The executives declined to consider these two decisions except in connection with a rehearing.

Grable at Washington

[illegible] Grable president of the United Brotherhood of Maintenance of Way Employes who faced rebellion in the ranks of his organization left Chicago for Washington with the avowed intention of fighting every move of the red flag element in the ranks. He declared that no strike action by maintenance men would be sanctioned by him unless the men are coerced into it by the roads' attempting to force maintenance men to perform duties usually done by shopmen. Mr. Grable went to Washington to confer with President Harding in regard to the threatened strike of the railroad maintenance laborers.

Mr. Grable's attitude was partly offset by the strike call in stationary firemen and engineers who were instructed by their international president, Timothy Healy, in Washington, if their demands were not met by Monday.

At Tulsa, Okla., the Whitefield engine of the M. and I. Valley was wrecked in a sharp clash between [illegible] and strike sympathizers at Lefleur.

At Chattanooga, Tenn., Bernard Mayo, Jr., attacked the office of the general manager of the Southern railway and was held up by masked men, beaten and stabbed.

Order Troops Mobilized

Governor Davis of Ohio ordered mobilization of state troops in preparation for any trouble which might arise.

United States marshals and extra forces of deputies were placed on duty at Toledo and other railroad points and at Los Angeles [illegible]

[illegible]

DENISON, TEXAS, July 15.—More than 1,500 union strikers and farmers of Grayson county took part in a parade through the business section of Denison this morning held in celebration of the first distribution of foodstuffs furnished farmers to union men. Several wagon loads of farm products including butter, eggs, chickens and corn, were given to union men free of charge in the city park at the close of the parade.

Union men and their families crowded the park and cheered as the farm products were distributed by committees representing each of the five shop crafts on strike were in charge of the food distribution.

A concerted appeal against asking state or federal troops to Denison was made by 100 Denison business men and representatives of organizations at an open conference with Adjutant General Barton and Captain Tom Hickman of the Texas rangers. Resolutions were adopted pledging support of the entire [illegible] in the suppression of violence and riots. Union men declared the unions will use all available forces to prevent violence should workers be brought into Denison to open the shops. They said however, the strikers reserve the right to talk and use peaceful means in trying to persuade strikebreakers from going to work.

DENISON, TEXAS, July 15.—[illegible] decision as to whether federal or state troops will be sent here to police the terminal of the Missouri Kansas & Texas railroad during the strike of railway shopmen probably will be known following receipt of a survey to be made today by special representatives sent here by Secretary of War Weeks and Governor Neff of Texas.

Colonel C. S. Lincoln assistant chief of staff of the eighth corps area and Captain Charles L. Bolinger aide are on their way from San Antonio and due to arrive in Denison this afternoon. They left San Antonio last night under orders to report on conditions which have interrupted operations of the Katy lines.

Lincoln is expected to make a report late today according to Colonel A. F. Saxton adjutant of the corps area. Colonel Saxton said that should the report indicate the need of more thorough investigation or special action, appropriate steps would be taken.

The governor's representatives, Adjutant General Thomas Barton of the Texas national guard and Captain Tom Hickman of the Texas rangers were well on their way, reporting the result of their investigation. They held a conference with the local railroad officials last night and arranged to meet today with labor union officials. The other Texas rangers also are here and are believed to be secretly investigating conditions.

A parade of strikers, union leaders and strike sympathizers was arranged for 10:00 o'clock this morning.

W. M. Whitlenger, assistant chief operating officer of the Katy road said no strikebreakers will be brought here and no attempt would be made to open the shops until adequate protection for workers has been provided by the state or federal government. He said sufficient protection is not being provided by the city or the county at present.

Union officials said the opening of the third week of the strike found practically 100 per cent walkout here. A survey this morning showed not more than 40 men at work in the shops while the normal capacity of the five lines running into Denison is nearly 1,400. At the Katy shops where about 1,200 men are employed normally, not more than seven men are at work, it was said. Two men were reported on duty at the Houston and Texas Central shops while none could be found at the Kansas, Oklahoma and Gulf and Texas Pacific shops.

The sudden quietness of the situation in Denison, which began last night with the arrival of Adjutant General Barton and Captain Hickman, coupled with the announcement of Adjutant General Barton's arrival at the quietness of the situation and said there is little information as to what he has discovered that is being kept under cover. Barton expects to complete his survey of the situation this afternoon and probably will meet Governor Neff in Dallas where he will report his findings. He also will meet the known strike sympathizers and he has conferred [illegible]

Wheeler Holds Cats While Mates Pound Out Close Victory

By PAUL W. LARKIN

The Spudders hoisted themselves a bit higher in the pennant chase Friday afternoon at the expense of no less an aggregation than the Fort Worth Panthers, otherwise known as the Dixie champions. The contest was one of those heart rending affairs such as is usually staged by the old rivals and not until the last half of the 10th chapter did the Wichitans succeed in pushing over the counter which made the score 8 to 7 in their favor.

Yes, bo, it was a lively ball game at Athletic park Friday afternoon. The assembled citizens—about 2,000 of them—saw some sweet hitting, some scintillating fielding and some fielding and hitting that was not so good. There were muffs, kicks and wild heaves. In fact there was a little bit of everything introduced into the pastime. The Spudders disposed of Joe Pate at the start of the eighth round and collected the nice total of 13 hits off him before he took the air. The Cats, on the other hand, drove Babe Ruth from the setting in the third chapter after a fusillade of drives followed close on the heels of a rank decision by Umpire Sweeney and a pitiful muff by George Bischoff. Rip Wheeler relieved Ruth and twirled admirable ball for the rest of the contest. Pate's place was taken by Buzzer Bill Whittaker, but Buzzer couldn't get well in the eighth and 10th. His flinging was not so bad, but his fielding was terrible and thereby hangs the tail of the Spudder victory.

Beecher Socks 'Em

Bob Beecher's battering bludgeon kept the Salmites in the game from start to finish. Bob contributed three safe blows as his portion of the day's work and these three knocks were responsible for just half the counters chalked up by his mates.

Fred Beck also had a good day with the willow, walloping out a trio of safe hits which started rallies each time. It was his knock in the 10th that started the Spudders on the road to victory while his first blow in the fourth chapter ultimately resulted in a run.

The real slugger of the day, however, was Clarence Kraft, who has ruined Spudder aspirations more than once this season with circuit drives. Big Boy added two to his total yesterday and they were real drives. His first came in the third with two of his mates aboard and cleared the right field fence with several feet to spare. His best drive came in the seventh, but luckily for the Spudders the bags were empty at the time. Wheeler fed him one in his alley and Clarence leaned on it with sufficient force to duplicate his feat of a year ago—belt it over the green boards in center field fence. It was a prodigious wallop and one that will long be remembered in Wichita Falls.

But Kraft did not get all the home run honors. Buddy Tanner socked a terrific drive over the left field garden wall in the seventh round that was as healthy a smack as is ordinarily seen at the local ball yard. It cleared the fence on a line and was traveling towards the Red river when last seen.

Coombs' Circus Catch

The best fielding bit of the day was also turned in by one of the enemy. Cecil Coombs was up to his old tricks in center field and pulled a circus catch off Homer Summa in the seventh that is good enough for the book. The apple left "Sat's" bat on a line and was headed for the most distant point in center field. Coombs started with the crack of the bat and while running full tilt leaped high in the air and smothered it. Were it not for this stab, the contest would have ended after the first of the ninth as Adams was on first at the time and would have scored easily if the sphere had even gotten away from Cecil.

Despite these seemingly impossible barriers, however, the Spudders kept their heads up and played real baseball and their efforts were justly rewarded. Sweeney's bad decision in the third when he called a man safe who looked to be out by a foot or two came near spilling the beans but even in the face of these odds the home boys battered their way to victory.

Ruth got along famously for the first two canto and disposed of the first six men to face him in fast fashion. Pate was not so fortunate. The Salmites landed on him for two in the first and one in the second. Two men were out on both occasions. Adams singled in the first with one away and came all the way around when Sears, Joe Sparma's single roll between his legs. Sparma pulled up at second and counted easily when Weiss crashed a terrific triple past Sears, Wichita's star leaguer. Bischoff's sacrifice infield out and Beecher's first of the game accounted for the run in the second.

The Terrible Third

Umpire Sweeney, George Beecher and Clarence Kraft figured prominently in the five runs sent over by the Cats in the third when they wiped out the Spudder lead. Tanner opened with a walk and Haworth followed with a drive to White. White heaved to Adams, plenty of time to nail Tavener. Adams hurried his throw to complete the double and while it wasn't the best peg in the world, Beck made a pretty scoop out of the dirt and put Haworth to the bag. Sweeney ruled otherwise, however, and the decision naturally went. Pate then pitched to Weiss for what should have been the third out, but it was only the second. Coombs drove a long smash to center which went through Weiss for what should have been the third out, but it was only the second. Coombs drove a long smash to center which went through Weiss and Haworth came home ahead of the throw and scored on Sparma's hit to center. It was here that Beecher broke into the game. Beecher's easy fly to Frank Ellison and gave Kraft his chance to knock the apple out of the premises. This with two out and two on base was too much for Pate and he was lifted in favor of Ruth. Ruth played the former Spudder star to the letter during his stay with the Cats and decided that Ruth had been in the hill long enough and he proceeded to Wheeler. White Wheeler was pitching to Tavener. Pete was thrown out stealing. The Spudders went out in order in their allotment of the session.

One of the two runs made off Wheeler was collected in the next period. Tavener opened with a single to right and advanced on Haworth's sacrifice. Pate's single to left scored him. Pate took second on the peg to the plate and all that prevented him from scoring was a doubtful throw to the plate by Weiss on Sears' safe slap to center.

Beecher Drives in Two

The Spudders almost drew up on even terms with the visitors in the same round when they tallied twice on singles by Beck and Wheeler and Beecher's crashing double inside third.

Both sides swelled their totals by one run in the seventh on circuit drives, Kraft poling his second of the season over the center field fence and Tanner parking his over the center.

The eighth saw the Spudders knot the count. White sent Pate to the bench when he opened with a line single to deep left. Whittaker came in after getting the count three and two on Bischoff tried to catch White off first. Kraft, however, let the ball get away from him and Al scored to second. Bischoff eventually fanned. Wheeler was thrown out by Whittaker and once again the verdict was left up to Beecher. Beecher didn't connect very lustily, but he turned his infield roller into a hit by fast running and he beat Whittaker to such an extent that the latter threw the ball into right field. White scored the tying run if the mixup and Bob reached third only to die there when Tanner tried to Coombs.

Kraft drove a hot single through the box in the ninth with one man on but never got beyond first base and the Salmites failed to get a run. The Salmites failed to get a run in the last half. The Cats were just as helpless in the first of the 10th, but not so with the Spudders. Beck led off with a drive to right that was good for two bags. White intended to sacrifice, but his bunt was so perfect that he had it beaten out and when Whittaker threw it away Beck did not stop at third. Every player and fan was then expecting a squeeze play and they were not disappointed. Bischoff was at the plate and though Whittaker knew in his heart that George was going to lay it down, the latter placed it in exactly the right spot and Buzzer didn't even have a chance to throw a man out at the plate. Beck came in standing up and as somebody once said, "it was a grand and glorious finish."

MOST VALUABLE PLAYERS

HERE ARE THREE STAR ACES WITH THE N. Y. YANKEES

WALLY SCHANG

BABE RUTH

EVERETT SCOTT

While there is nothing spectacular about Catcher Wally Schang he is unquestionably one of the most valuable players on the New York club.

With Schang doing the catching the club went right out in front. When the team came west it enjoyed a very comfortable lead and was a hot favorite to repeat in the American league.

Chicago was the first stopping place of the Yankees. The club won the first three games. Schang was injured in the final game, which was lost.

With Schang on the hospital list New York proceeded to lose 13 out of its next 18 games on the road. That record is a silent tribute to Schang's real worth.

Schang is a great receiver. He has a wonderful arm, though sometimes lacking in accuracy, and is one of the most dangerous batters in the American league.

With Schang out of the game the crack staff of the Yankees slumped badly, all of which merely shows what part a crack catcher plays in the success of a ball club.

A year ago at this time Babe Ruth would have been the universal choice as the most valuable player in the American league.

Ruth was at the top of his game. He was on a mad rampage of hitting that enabled him to break his record by cracking out 59 home runs. Many a one of those drives meant a ball game for the Yankees.

Ruth was showing the winning spirit, he was constantly imbuing the rest of the club with the germ.

Last year Ruth would have won the $1,000 award, pulled up.

How the mighty has fallen! The hero of last season is the dud of today. The cheers of 1921 have changed into the jeers of 1922.

Ruth lost seven weeks of play because of his suspension by Judge Landis. On his return to the game he failed to hit, which crabbed his disposition. Then followed several run-ins with the umpire that worked to the disadvantage of the New York club as well as Ruth.

Unless "Bambino" makes a wonderful comeback he can be counted out right now for the honor of being selected as the "most valuable player in the American league."

When considering the most valuable player in the American league, the commission cannot afford to overlook Everett Scott, star shortstop of the New York Yankees.

By many of the experts Scott is rated as the best shortstop in the Johnsonian organization, and possibly in the game. Only Rancroft of the National league, and Peckinpaugh and Gerber of the American, can dispute that right.

Scott is a wonder on defense. He is at his best in a pinch, one of the greatest money players in the game. If there is one player in the Yankee line-up who will help the Yankees regain their winning stride, that player is Scott.

While not a hard hitter, Scott is very handy with his bludgeon. In a pinch many pitchers would rather face some of the 300 hitters in the Yankee line-up than Scott.

Although rather slight of stature Scott is the iron man of the game. He holds all endurance records for steady play, having already taken part in well over 900 successive contests.

Scott does his work so easily and minus any flourish, that his greatness is often overlooked. However, he is sure to get serious consideration from the commission.

BASEBALL'S BIGGEST BONES

STEALING OCCUPIED BASE IN WORLD SERIES GAME

When a player steals a base with somebody occupying that particular bag, he is said to have pulled a "John Anderson."

The reason, of course, is that John Anderson is officially credited with being the first player to steal a base with the bag occupied.

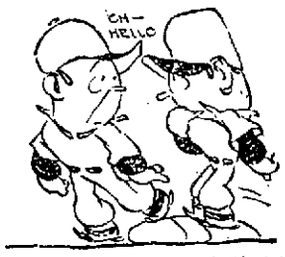
Baseball historians have it that Anderson pulled such a "bone," for the first time, back on June 11, 1896, while playing for Washington, against Baltimore in the National league.

Anderson's stunt was pulled 25 years ago, but ball players have been doing the same thing ever since in the majors and minors. Hardly a year passes in the majors but what someone pulls a "John Anderson."

Back in the 1917 world series between Chicago and New York, Pitcher "Red" Faber pulled the trick. It was the first time anyone ever worked a "John Anderson" in the big series.

Faber, who rarely tried to steal a base, for some reason elected to steal third. Nolting the pitcher winding up he got a good lead and sid safely into third. Unfortunately, another Chicago player was occupying the base, and Red, much to his surprise and embarrassment, was tagged out.

Since Faber pitched and won three games against the Giants in that series, his "bone" on the bases didn't get much publicity. However, it stands out as the only time a player ever elected to steal a base in a world series with someone occupying the base.



An other major league incident of a like kind was one successfully stayed McKee, of the San Francisco club, stole third with the bases full and actually got away with it.

"How come?" Well, it so happened that the umpire called a balk on the pitcher, which entitled all baserunners to advance. It saved McKee from being the list of many hopeful.

Real Sportsmanship.

Hermann Merritt, crippled ball player (on the cot) and some of his Augusta, Ga., teammates. The man in the straw hat is Frank Barrett, president of the club.

By NEA Service.

AUGUSTA, GA., July 14.—The most popular baseball player in the south isn't out spearing flies and batting home runs—but flat on his back in bed.

Hermann Merritt really isn't a baseball player any more. And he never will be. He has a fractured spine and, though some day he may be able to walk, he is maimed for life.

His grit and fighting spirit in the four games he played for the Augusta team of the South Atlantic association, and in the days following the automobile accident in which he was injured April 22 made him the idol of the league.

"Merritt Day" has been observed in every city in the league, receipts of games in receipts being turned over to the plucky ball player and his wife. In Augusta the day was a holiday and Merritt himself attended, lying on a cot on the playing field.

Playing last season from Grand Rapids, Mich., to the Detroit club of the American League, Merritt was turned over to the Augusta team, jointly owned by Ty Cobb, Frank Barrett, president of the club, is defraying all hospital expenses and paying Merritt his monthly salary.

"After his accident Merritt's first words were, 'Don't worry about me, boys. Put a good ball game.'"

NAZARRO WINS GRAND PRIX AUTO RACE

Pirates Hold Sweeney.

A squarer or fairer-minded crowd of baseball fans will not be found in the Texas league than those who turn out daily at Athletic park. Seldom do they rile an umpire or get on an opposing players back. They have had that reputation ever since Wichita Falls obtained a franchise. In Friday's contest with Fort Worth, however, they hooted and booed Umpire Sweeney to a fare-thee-well. And they were fully justified. Sweeney's work since coming to Wichita Falls has been the worst seen here this year. The best of them miss 'em occasionally. People in every walk of life do that. But few miss 'em as consistently as Sweeney has done.

Off in Dallas Series.

In the Dallas series he was way off on balls and strikes, but little comment was made. He was given the benefit of the doubt. It is difficult to judge balls and strikes from the press coop on the top of the grandstand. One can tell whether the ball is over, but it is impossible to judge the height. The fans always yell on a close one, anyway, but they are as apt to miss one as the umpire. Hence, if an arbiter calls one that doesn't please the fans little attention is paid to it. But the fuss were on Sweeney from start to finish when he worked behind the plate and they must have been right part of the time.

Must Have Been Blinded.

A decision at first base Friday, however, was one for the book and it all but cost the Spudders a ball game. Tavener was on first base when Haworth cracked one at White. White tossed to Adams for the first half of the double play and Shorty pegged to Beck for the last half. His throw was low, but Fred left the bag and scooped it up. He turned quickly and flung himself at the bag as Haworth came lumbering down the line. He touched the bag long before Haworth stepped on it, but Sweeney called him safe. That he was out was evident to all who saw the play—except the arbiter.

Not Looking for Edge.

Beck flew into the air temporarily when Sweeney called him safe, and started to rough him a bit. That incident in itself was enough to show that Sweeney was wrong. Beck is not an umpire baiter and never attempts to show one up. Many times has he taken a third strike which should have been called a ball, but he never whimpers. When he kicks, he's justified. Local fans are not looking for anything from an umpire nor are the Spudders. But they are looking for correct decisions. Were it Sweeney's first offense, it might pass unnoticed. It wasn't however. It would seem that an umpire could guess right more often than he does.

Weiss Looks Better Daily.

Weiss had his first opportunity to show the fans his arm Friday when Sears singled to center with Pete on second. Pete could hardly be dubbed "Mercury," but Weiss' line peg to Bischoff would have [illegible]

"GONE SUGHOUSE."

sane asylums there usually is a harm who is mentally normal except that he tion for dressing up in freakish clothes dividual would pass as sane at a mas even during epidemics of jazz styles teresting eccentric around insane asy entleman who has the thrift instinct so ped that he hoards bits of glass or pebbles, under the delusion that they y valuable. He has a lot in common the people outside the asylum, who e eagerness to accumulate money jew rticles.

e people are not all locked up ow is training its guns on nervous and diers. One authority says that the big in America today is curbing our un wise country editor calls "public ls."

arren Stearns, neurologist at Tufts Med points out that one of the chief signs of rain is the tendency to conform to the habits of the majority

g eccentric individuals, he says this noid personalities".

individuals are peculiarly sensitive Their mant and they care more for its prompt for the commendation of the other mem their group. These individuals frequently movements, but more often they live a d flash of their associates, quibbling over l transgressions of their neighbors and at tempting numerous social measures the main motive for which is an unconscious and blind struggle against the dictates of the larger herd or group of people Among these will be found sympathizers with the enemy in time of war certain conscientious objectors and those who habitually form themselves into anti societies Carried to the extreme degree these individuals are called paranoiacs—those who are so far unbalanced as to have delusions of persecution and ideas of grandeur

Dr Stearns adds this word of caution in considering paranoid personalities that it is human instinct to regard any one who disagrees with us as of morbid or inferior mind "and it must be remembered that every once in a while one of these individuals is right and the world is wrong"

But on the whole this wouldn't be a bad time for the American people to take an inventory of some of the national "paranoid personalities" and figure out their degree of sanity or mental unbalance

SMILE A WHILE

By TOM SIMS

The best time to have a fight with your wife is on pay day

Corn on the cob is back according to dry cleaners

A man with two cork legs could do some of these new dance steps

Sometimes it looks like beer and light wines are need but distance on water is deceiving

Be careful where you put your confidence and you won't lose it

When the boss gets back from his vacation he finds everyone rested

In Kansas lightning struck a phone exchange Bet it was after the girl called information"

Two can live cheaper than one but not as fast

Health hint If you have a weak heart don't read the new tariff

Wouldn't it be great if the consumers could work at it only eight hours a day?

There is always a bright side If the trains stop, vacationists can't send post cards back

Taxicab made a horse run away in Chicago Looks like in Chicago a horse would scare a taxi cab

If as Doyle says there isn't any hell we would like to know what this summer is as hot as

Things could be worse Suppose you lived in China where people who bathe are called dudes?

Fortune never smiles at a man because he is a joke

Sultan of Turkey is broke Ought to let his wife take in washing

STRIKING REPORT BY CHURCHES ON MOTION PICTURE INDUSTRY

MOTION PICTURES AND THE CHURCHES

Conventional moralists sometimes fail to realize that realistic art is not necessarily immoral because of its frank and intimate treatment of elemental life situations

Until the "Blue Law" attitude and psychology are wholly submitted to by something more in the great and constructive Philosophy will thrive

The screen is not the worst offender

Persons differ widely regarding motion picture standards

Conditions call for a marked improvement in the general character of the films shown throughout the country

By DEAN CHARLES N LATHROP of the Social Service Commission of the Federal Council of Churches

This is the first of a series of four articles summarizing a study of motion pictures made by the Social Service Commission of the Federal Council of Churches It is a remarkable survey of conditions, and its findings and conclusions are practicable and sane It should be read not only by producers distributors and exhibitors but also by parents and all who attend motion picture performances

Dean Lathrop is executive of the Department of Christian Social Service of the Episcopal Church He gives special thanks and praise to Lee F Hanmer director of the recreation department of the Russell Sage Foundation for collection and presentation of most of the data collected

Those who are looking for the sensational and extraordinary will be disappointed in this study of motion pictures under the direction of the Social Service Commission of the Federal Council of Churches It frankly lacks the thrill and excitement of the reform movement It does not denounce and it finds the ultimate solution of its problem in the social ideals of the whole community

The character of the motion pictures shown daily in commercial houses is the ground of much controversy which is causing concern to many of the most earnest people in our churches Church officials and in particular those responsible for social and educational work are continually receiving protests against the screen and demands for the endorsement of some plan for control over motion pictures The criticisms specify the excessive portrayal of crime and violence unwholesome treatment of sex themes of marriages and divorce, and of family life

It should be recognized at the outset that with reference to these and similar criticisms the screen is not the worst offender In many theatres the pictures are fine and wholesome by comparison with the vaudeville performances that accompany them

In the nature of the case motion pictures because they emanate from a few centers of production lend themselves more readily to control than does the action stage Also the greater influence of the screen upon the young gives vastly greater importance to its quality These are at once reasons for considering definite social action and a reason for exercising caution and restraint lest such action be arbitrary superficial and unjust

Any effort at betterment needs to be addressed to the entire industry The attitude of the public toward films as toward theatrical performances is difficult to determine Members of the trade often declare that films of a risque character are very much in demand and that the public is therefore responsible for their use There is unfortunately evidence to support this contention It is pointed out by the Cleveland recreation survey that utterly false impressions as to the character of a film are frequently given by advertising If the pictures are as bad as the posters sometimes indicate the conditions would be much more serious Undoubtedly some of the harsh criticism of motion pictures which is now heard is based on what the critics think the films are

Again it is not uncommon for theatrical producers and exhibitors to state the reverse of this Experience seems to indicate that the response of the public is equally prompt upon the question whether the performance is of artistic quality and high moral tone or of a saucily salacious character if it kindles the imagination and conveys a thrill little else matters

During the year 1921 an effort was made to secure opinions from groups of church people in a number of cities as to the character of the films in their communities They are probably illustrative of general opinion on the part of our people on this subject

The Church Federation of Philadelphia reports the results of a survey in which it is estimated about two hundred people took part There are approximately 165 licensed motion picture houses in the city where the pictures are shown 87 of which were visited 346 performances and 427 films reported Of these films 191 were approved as containing no undesirable feature whatsoever

The committee making the study expressed regret that such pictures were not more widely shown in the poorer districts of the city The report characterized 149 as indifferent It should be noted however that the committee used the term "indifferent" to include films in which there is underlying unwholesomeness of theme or false standard of conduct and other questionable features

Eighty seven were condemned as radically bad and undesirable By bad films the committee meant pictures showing gross immorality vice brutality torture vividly portrayed suicide or murder—realistic scenes of sensuality or the procedure of criminals—episodes tending to stir up radical antagonisms or to ridicule the representatives of law and order and the church

Approximately 20 per cent of the films reviewed were condemned These had presumably all been passed by the Pennsylvania State Board of Censors

In Springfield Mass a house committee found conditions much less disturbing although the number of films objectionable was very much smaller The condemned pictures numbered only 1 7 per cent of the entire number and cuts were found necessary in only one The committee was in general well pleased with what it found

The Louisville Ky report condemned 13 8 per cent of the films viewed and found that nearly a third of the total number needed cuts

In Dayton Ohio 30 3 per cent of the pictures reviewed were condemned and almost the same proportion were considered to need cuts this in spite of the fact that Ohio has a state Board of Censors

From Harrisburg Pa came the report that 54 3 per cent of the films viewed all of which had presumably been passed by the State Board of Censors were too bad to be shown In more than half the remaining number cuts were recommended

Among the reasons given in these states for the adverse judgements recorded were the following Violence objectional treatment of home life and sex themes crime murder drunkenness ridicule of law and religion brutality in action and expression

It should be said that in few if any cases covered by this study were the judgments reached by the entire committee sitting together The committees were asked to agree upon standards and then to divide themselves into teams for the actual survey It seems likely that the impressions recorded are typical of a considerable body of opinion in each community

The differences in conclusions may be due to differences in standards and points of view although in many cases some degree no doubt an actual difference in conditions One committee admitted frankly that it could not agree on standards and one reported no more than the fact that exceptional strike a

ENIGMA.

There is a quotation with 25 letters in it Indicating the letters by their numerical position in the quotation new words have been formed with them

For instance

A girls name—8 11 5—Ann

The "a" will be the eighth letter in the quotation the first "n" will be the seventeenth and the final "n" will be the fifth

Can you unravel the mystery of the hidden quotation? Here are the keywords

A girls name—8 11 5

LITTLE BENNY'S NOTE BOOK

by LEE PAPE

I was late for my pipe agen yesterdy walking the 3rd time this week I dreaded giving pop each time I thought of the way home G I Joe was some exciting news to tell pop and I take his mind off of me being late

Well I started to do going in the house [illegible] where they was a letter for me and saying Hey pop [illegible] what's you think

I think it's again pop said I know you but what's you think

What's you think but read it is Simkinses unkle I said

He [illegible] you look [illegible] pop

No pop but wait till you hear pop a melting fearse happened to him I et you cant guess what I said

I dont guess as you're late though enough meer of strange and contrariness thats my guess on that subject pop said

Me thinking fresh G w z I wish I did keep his mind on Fudses unkle and I said Well what do you think happened to Fudses unkle pop?

I ever met the man or even heard of him before and I havent the slightest interest in what happened to him of any nature whatsoever but I have an exceedingly strong and personal interest in your getting home in time for meals and just to prove it I hereby invite you to refrain from eating dirsert and remain in the house after supper pop said

Well I did not even having a chance to say what happened to Fudses unkle Wat happened to him being that he started to slip on something slippery and injured his shoulder trying not to sprane his ankle

My, Oh My! Aren't They Cheerful Ltle Fellows!

THE MARKETS

COTTON—GRAIN—FINANCIAL—LIVESTOCK—PRODUCE

COTTON MARKET.

New York Cotton.

NEW YORK, July 15.—The cotton market opened steady at a decline of 8 points to an advance of 2 points and turned up right after the call on a ring by some of Wall Street's bears who were disappointed that the weather map did not confirm private reports of good rains in Texas. October sold up to 22.86 and December to 22.45, or 12 to 14 points net higher. The demand however was not active while there was a further scattered southern selling and the initial advances were followed by rather irregular fluctuations. If anything, domestic labor news was regarded as somewhat more favorable and there was also some bullish comment on reports of a firm grip of a situation which may have contributed to the early advance.

Private reports of showers or rain in central Texas led to renewed liquidation during the middle of the morning, October selling down from 22.60 to 22.32, or 14 points net lower. That delivery closed at 22.45 on covering with the general market closing very steady, net unchanged to four points lower.

Cotton closed very steady.

	High	Low	Close
July	[illegible]	[illegible]	22.35
October	[illegible]	22.11	22.48
December	[illegible]	22.21	22.48
January	[illegible]	21.92	22.00
March	22.[illegible]	21.84	21.90

New Orleans Cotton.

NEW ORLEANS, July 15.—Trading was mainly of the evening up variety in the cotton market today. In the first hour of the session prices were sent up 8 to 10 points under the influence of yesterday and then by 10 to 12 points over yesterday's finals. October traded down to 21.86 and then advanced to 22.06. Weather conditions over the belt were mixed; some sections complaining of too much rain while others claimed that dry weather was beginning to cause deterioration.

Liquidation from the long side set in rather strongly for a while, being stimulated by an unfavorable view of labor conditions in the country and prices fell off to net declines of 10 to 14 points, October sold to 21.81 on the close the market had a better tone and last prices were four points higher to three points lower compared with the close of yesterday. October closed at 21.92.

Cotton closed steady 4 points up to 3 down net.

	High	Low	Close
July	[illegible]	[illegible]	22.27
October	22.06	21.81	21.92
December	21.86	21.64	21.74
January	21.69	21.51	21.[illegible]
March	21.41	21.27	21.34

New Orleans Spot Cotton.

NEW ORLEANS, July 15. Spot cotton quiet on limited sales; no the spot quotations to arrive nominal; middling 21.[illegible]; middling 22.[illegible]; good middling 2[illegible].

GRAIN AND PRODUCE

CHICAGO, July 15. Wheat prices during early dealings were governed largely by the strength in Liverpool. Short covering was much in evidence at the start and local sentiment was mixed. The government report on Missouri telling of damage by chinch bugs, which are said to be more menacing than at any time during the past 25 years in that section, also acted as a factor. After starting unchanged to 1¼c higher, September $1.13⅞ to $1.14 and December $1.14⅞ to $1.16⅝ the wheat held near to the initial range.

Later moderate gains were scored all around because of apprehension of rapid development of black rust in the spring wheat territory, caused by the higher temperatures. At the close prices varied from unchanged to 1c higher, September $1.14⅞ to $1.14⅞ and December $1.16⅞ to $1.17⅛.

Corn and oats were governed by the action in wheat. Trade in coarse grains was quite dull. There was some buying of corn futures which was attributed to cash interests. The closing, which ranged from unchanged to 1⅛c higher with September 63⅞ was followed by a slight gain all around.

Corn showed a firm undertone due mainly to scattered buying by cash houses, presumably against further sales to the seaboard for export. At the finish prices were unchanged to 1c lower with September 64⅞@65c.

Oats started unchanged to ½c higher, September 37 and then scored a slight further advance.

Higher quotations for hogs tended to light provisions.

NEW YORK STOCKS

NEW YORK, July 15.—Conflicting movements of a few of the leading industrials and oils furnished the only diverting features of today's dull and dull stock market. Equipments were strong at extreme gains of 1 to 4 points for Baldwin Locomotive, Pullman, Pressed Steel Car, Railway Steel Spring and New York Air Brake. Domestic oils were heavy, ostensibly as a result of cuts in crude products in the middle west and Pacific coast states. Standard Oil of California, Pacific Oil and several of the Mexican group fell 1 to 2½ points. Specialties were firm to strong, particularly Corn Products, Sears Roebuck, International Paper and American Woolen. The closing was irregular. Sales amounted to 225,600 shares.

BOWMAN TO RETIRE FROM BASEBALL

Spudder Flinger Decides He Is Useless to Club and Will Request Release.

ABE BOWMAN

Abe Bowman has come to the conclusion that his pitching days are over, for the time being at least, and declared Saturday forenoon that he was going to give up the game. He plans to return to his home in Greenup, Ill., Saturday night where he will work on his father's farm.

"There is no sense in my trying to pitch any more this year," declared Mr. Bowman. "I have been hoping against hope that my arm would come into shape but nobody knows it better than I that I am done. I am not quitting the club, but feel that I am acting for its best interests. I never worked for a better manager in my career than Wally Saint and I have never been treated better in any city than Wichita Falls, but it is useless for me to try to pitch myself along as well as the fans are longer. I will take a complete rest this fall and may be able to go again next year. It all depends upon whether my wife which was injured a few years ago stands into shape."

Abe had not told the management of the club his decision when seen by a Times representative, but it is reported that he had definitely decided to return his bonus to get his unconditional release from Saint.

THIRTEEN CHINAMEN IN A COMPARTMENT ABOARD A SCHOONER

MIAMI, FLA., July 15.—Thirteen Chinese were found last night buried in a compartment aboard a schooner in the Miami river. W. Stanford, captain of the vessel, being held on a large conspiracy and smuggling. The Chinese will be turned over to the immigration bureau for a hearing. The vessel was bound from Cuba to Philadelphia.

BUSINESS OPPORTUNITY

The Triangle System Stores Co. want managers and assistant managers for grocery stores to be opened in Wichita Falls, Electra and other western towns with population from 5000 up. Our stores are self-service, cash and carry, equipped with the beautiful patented triangle fixtures. There are now more than 50 stores being successfully operated with our fixtures. At least 100 stores by the first of January is our goal. Nominal cash investment required—investment fully protected and salary and bonus paid to parties who can furnish good references. Grocery experience not essential.

S. D. Warner, representative, Kemp Hotel, Wichita Falls.

NEWSPAPERARCHIVE®

CHIEF DISPATCHER OF KATY ADVANCED TO TRAIN MASTER

O. C. Pyle, chief dispatcher of the Wichita Falls & Northwestern has been named train master and assumed his new duties Saturday morning.

His promotion created a vacancy in the office of chief dispatcher W. Walker, first trick dispatcher and assistant to Mr. Pyle was named to succeed the latter in that position. A. Hallman, who has been acting as trainmaster and road foreman of engines since the first of the month will continue in his same duties. Both Mr. Hallman and Mr Pyle will have equal authority and responsibility as train master.

QUESTIONNAIRE CONTEST WILL BE FEATURE OF FIRST M. E. SOUTH SERVICE

"I know it would be consequential," said Rev. H. D. Knicker-bocker, pastor of the First Methodist Episcopal church, south corner Tenth and Lamar, to a Times reporter, "to bar women from the questionnaire contest that I am going to have Saturday night as a part of the big special program for the inauguration of our big open air tabernacle on the lawn next to the church, where all our night services will be held during the rest of the summer. I am proposing to answer all questions that are brought and realize it is a tremendous job when women may be allowed in the contest, but I am game to do it anyhow. I am going to give a $5 goldpiece to the best or most interesting question that is asked. Everybody is asked to participate by bringing a question of interest to themselves which they would like to have me answer. A committee will award the prize to the one whose question in their judgment was the most interesting asked. Anybody can compete, either by mail or by bringing the question to the service. Any question will be answered as far as the answerer's ability will allow—questions of politics, religion, philosophy, domestic life, finance and what not. Here are some sample questions to guide those who would like to take part in this symposium of interrogations

Ten Big Questions

1. Do you favor the blue laws?
2. How can we prevent future wars?
3. Should we cancel Europe's war debt?
4. Should the government pay the soldier bonus?
5. Should the Bible be taught in the public schools?
6. Is it proper for a woman to marry her stepson?
7. Should injunction be used in the labor dispute?
8. What is radium and what will it do?
9. What is the remedy for the dire force evil?
10. What think ye of Christ

Ten Little Questions

1. Do you approve of bobbed hair?
2. Isn't a 95 per cent American a worth-while fellow?
3. Is a fighting parson a meddler?
4. Is there any good millionaire?
5. What do you think of vegetarians?
6. Why don't they electrocute women as well as men?
7. Shall we lift the ban from the German language and use it?
8. Can a man be a Christian and use tobacco?
9. Why don't folks mind their own business?
10. How many plow shares in 66 battleships?

"These are sample questions and some of them will be answered.

"We will have a 30 minute prelude concert by a splendid orchestra of 10 pieces that has been diligently practicing for the last several months under the direction of John H. Kauffman. There are two violins, two clarinets, two trombones, a flute, a cornet piano and drums. The program will be as follows

1. Light Cavalry—Poet and Peasant March—M. P. Zake.
2. Serenade—Schubert cornet and trombone.
3. Sweet Revery (Susse traumerl)—P. Tschaikowrt)
4. Sempre Fidelis March—Sousa

"We will have a big chorus choir with an orchestral accompaniment. We are looking for the greatest crowd we have had in many days and that will be going some.

"If it should rain we are right next to the church, so it will be perfectly convenient to change the service to the church building.

"At 10:30 a. m. the subject of my sermon will be 'The Dreamers and Dreams, What Made Them Come True?' One of the sections of this sermon will tell the dreams of some prominent local men and what they expected to be when they were nine years old."

AILING WOMEN OF MIDDLE AGE

Mrs. Linton Tells How Helpful Lydia E. Pinkham's Vegetable Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My husband saw your ad. in the papers and said 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vegetable Compound!' So I let him get it, and I soon felt better and he told me 'I want you to take about six bottles.' So I did and I keep house and do all my own work and work out by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I would not get well."—Mrs. R. J. LINTON, 1850 West 33d Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any women hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

At the Churches

Floral Heights Methodist

Sunday school at 9:45 o'clock. J. M. Alexander, supt. Morning worship. There was a large attendance last Sunday. The classes are holding well and you will find a welcome. The young people meet at 7:00 p. m. Christian Stewardship. Everlasting Kingdom was the theme. The evening service will be devoted to the second of the series of sermons the pastor is preaching. The subject tonight is "The Truth Concerning Christian Science." This will be a strong talk and discussion of the recent movement. You will be informed upon the subject. Come and approach with an open mind. Mrs. Frank Howell will sing. The choir will render music. The Epworth League will meet at 6:30. The subject will be "Seven Days."

First Christian Church

Tenth and Travis streets.—The revival meeting conducted by Dr. M. Martin is under full swing with great interest. For the past week Dr. Martin has been delivering strong, interesting and instructive evangelistic sermons. Last night he took for his subject "The Book of Revelation." Those who have heard these lectures will long remember the wonderful lessons derived. Sunday morning Dr. Martin will preach on "The Commandments." Sunday afternoon a mass meeting for men and Sunday night Dr. Martin will deliver a most inspiring and instructive message on "The Second Coming of Christ and the End of the World." A special invitation is extended to the general public to come and hear this man of God deliver these wonderful messages. All church members and friends of the church are urged to be present. To those who have never confessed Christ we extend a special invitation. All visitors to the city are invited to come and worship with us. A great teacher—great messages. Come.

First M. E. Church

Seventh and Lamar.—All friends and members of church and Sunday school are urged to attend the morning worship. Sunday school 9:30 a. m. Preaching 11:00 a. m. Epworth League 7:00 p. m. Evening preaching 8:00. Mr. Taylor will sing at the evening hour. Strangers and city guests are especially invited.—T. S. PITTENGER, Pastor.

Community House

At the north side community house union Sunday school at 9:45 and at 3:30. Services will be held by Rev. J. W. Loving. Everybody cordially invited.

First Presbyterian Church

The audiences at the First Presbyterian church were surprisingly large at both services last Sunday. We are planning for just such another day. The musical program for this Sunday is good. At the morning hour Mrs. Parker will sing "Just For Today" and at night the song "Some Time, Some Where" will be sung as a duet by Mr. Taylor and Mrs. Barker. The pastor will speak at both services. The evening service is being held on the lawn where it is delightfully cool. The subject of the sermon will be "The Opening of the Books." The pastor will tell what those books are.—N. F. GRAFTON, Pastor.

Lutheran Trinity Church

(Corner Fourteenth and Bluff.) Sunday school at 9 a. m. Morning services at 10 a. m. conducted in the German language.—H. F. MUELLER, Pastor.

Floral Heights Presbyterian

(1701 Kemp boulevard and Ave. G.) Sunday school 9:45 a. m. Preaching at 11 a. m. We are anxious for all who live in this vicinity and not going to other churches to attend our services and help us. Mr. Newman will preach as the pastor is engaged in the Kemp revival which is proving very successful.—Come.—C. A. DOOLEY, Pastor.

Floral Heights Baptist Church

Tenth and Kemp.—Sunday school 9:45 a. m. Class H. Smith, Supt. Preaching by pastor 11 a. m. and 7:45 p. m. Junior B. Y. P. U. 6:45 p. m. Senior Union 6:45 p. m. Prayer meeting Wednesday evening. A cordial welcome is extended to all to worship with us.—J. W. LOVING, Pastor.

VON ELM AND KNEPPER MEET IN GOLF FINALS

[illegible]

RAINS FOLLOWED BY COMPARATIVELY LOW TEMPERATURES

The phenomenal showers of Friday morning had the effect on the temperature of Friday night and consequently the mercury receded to the 70 degree point. This temperature for the night made it one of the most pleasant nights of the season.

The maximum point reached by the mercury Friday afternoon was 90 degrees. The sun came out warm and although its rays were extremely warm the temperature was not affected to any great extent.

The total rainfall for the morning was one inch and from reports it appeared that many of the crops and fruit trees had received a good soaking. A large portion of corn now had been dried up beyond help.

Saturday morning the skies were clear and the thermometer started to rise. Indications were given that the day would be an extremely warm one.

Burkburnett Bruin Breaks His Chains And Goes Foraging

BURKBURNETT, TEXAS, July 1.—A bear known for bear exploits in the communities who resides in the woods in Cache West First street broke the chains that held him in his kennel Friday morning about 11 o'clock. After securing his liberty and breathing the air of freedom for a few minutes he started on a tour of the neighborhood presumably hunting for something to appease his overgrown appetite. Ambling clumsily and unmolested down the street his mind preoccupied possibly in thoughts of closets full of jams and other things sweet that appeal to the heart of a hungry bear he passed up several houses without special notice except for an occasional whiff of the air in their direction.

The bear finally came to the residence of A. H. Lafferty, 210 West First street, and after making observations of a nature known only to his lordship proceeded to tear from the front screen door against the protests of Mrs. Lafferty who put up a game fight to prevent his obnoxious presence in her home. Mrs. Lafferty put all her strength against that of Bruin in an effort to close the door in his face, but Bruin not being none too modest and with a presistence exceeding that of well mannered book agents forced his way through the screen door and into the room with little effort on his part which caused Mrs. Lafferty to make a hasty exit through the back door like any other wise woman would have done under the circumstances.

Bruin being left in full possession of the premises it is presumed that the mischief maker made a thorough search of the house. Big muddy paw marks on the beds and elsewhere indicated that he was at least busily engaged and that nothing escaped his prying nose.

Bruin's master and manager [illegible] was finally located by the aid of wireless and without quite a little coaxing with tempting food as a lure was induced to return home and relieve himself gingerly settling to the collar and chain which action on his part served the purpose of restoring peace and tranquility in the neighborhood—after John had paid the damages, however.

BRECKENRIDGE ROAD TO ISSUE STOCK AND BONDS TO REIMBURSE RINGLING

Special to The Times.

WASHINGTON, July 15.—Authority has been granted by the interstate commerce commission under which the Eastland-Wichita Falls railroad is permitted to issue $100 and $50,000 in first mortgage bonds. Both stock and bonds are to be delivered to John Ringling in payment of advances made by him in building the road. The commission in its order states that the [illegible] without prejudice to [illegible] applications which may be made for issues of stock and bonds in excess of the amounts now authorized. It will be [illegible] to the order of the commission [illegible] changes [illegible] shares of stock par value [illegible] and $[illegible] in first mortgage bonds. Both stock and bonds are to be delivered to John Ringling in payment of advances made by him in building the road. The commission [illegible]

THE STATE OF TEXAS, County of Wichita.

I, M. L. Tittle, tax collector of said county, do hereby certify that the land and lots listed on the following 81 pages and assessed on the tax rolls of said county for the year 1920, are delinquent for the taxes of 1920, and that there was no personal property for "seizure and sale" as required by Article 7692, Revised Civil Statutes of 1911, and therefore I am entitled to credit for the taxes shown and herein reported delinquent.

M. L. TITTLE, Tax Collector.

CERTIFICATE OF COMMISSIONERS' COURT

THE STATE OF TEXAS, County of Wichita.

In the Commissioners' Court: We certify that we have examined the following 81 pages of Collector's report of lands and town lots assessed on the tax rolls of Wichita county, for the year 1920, which are delinquent for the taxes of 1920, and find the same correct, and that M. L. Tittle, Tax Collector, is entitled to credit for the taxes shown thereon.

Given in open court this the 30 day of May, A. D. 1921, J. P. Jones, county Judge.. J. P. Jackson, Lee Prescott, L. L. Kuntz, H. H. Haynes, county commissioners of said county. Attest: W. T. Harris, county clerk Wichita county Texas, E. Hall, deputy.
